### DETAILED ACTION

1. An amendment was received from the applicant on January 23, 2007.

#### ***Reissue Applications***

2. The amendment to the Specification as provided by the applicant is improper. Single brackets are required instead of line-outs for deletions made in the specification. Original claims without amendments should also not be re-presented in the amendment.
3. New claims 21-31 presented in the amendment must be underlined in their entirety.
4. On lines 4-5 of Claim 30, the phrase "said light support bracket being mounted on said light support bracket" must be corrected with the underlined phrase "said warning light being mounted on said light support bracket", in accordance with the specification, column 10, lines 17-18.
5. The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414. This includes the error requiring correction identified above by the examiner in paragraph 4.
6. Claims 1-31 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

7. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-31 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

See MPEP § 1414.01.

### ***Conclusion***
